

Andres Felipe Lopez Cabrera

Barranquilla, COL • aflopezc18@email.com • +57 304 3574318

PROFESSIONAL PROFILE

Junior full-stack developer focused on building scalable, user-centered web applications, data analysis, and technological education. I have a pedagogical background since high school and practical experience in UX/UI design, programming, and database management. I enjoy working in collaborative environments, sharing knowledge, and leading learning initiatives. I am motivated by continuous growth and by contributing to others' development, especially in academic or analytical settings where I can combine my technical, communicative, and leadership skills to deliver measurable results.

EDUCATION

Bachelor's Degree in Systems Engineering
Universidad de la Costa (CUC), Barranquilla, Col.

Expected Graduation: 2026

High School Diploma with a focus on Pedagogy
Escuela Normal Superior La Hacienda, Barranquilla, Col.

December 2021
